About This Game

Story:

You are the only soldier that can save the world, as the Cyborg army has just conquered it. Your objective is to collect 9 artifacts in different worlds; And, in your mission, destroy the Cyborg factories and their domain over the world, using a virus to do so.

Gameplay:

The game has 9 different levels, objective in each level is to collect an artifact, that is hidden on it. Each level is made with it's own style, such as sci-fi factories, forests, snowlands and etc. When the player finds the artifact, he is teleported to the next level, which are unlocked in order as you play further.
Each map contains different enemies, such as cyborgs, automatic turrets, flying ships and there is many traps scattered around the map. Each level has 2 to 3 checkpoints, where you can respawn if you die.
The player has 4 types of weapons, besides melee weapons, such as kicks.
The player can also collect ammo and healthpacks from the ground.
