About This Game

Pigmentone is a game that feels more like a guessing game than a logic puzzle.

It will make you waste hours guessing, combining or 5d3b920ae0

Interesting concept. However the author of the game does not seem to understand that puzzle games and time limits do not go well together. Time limits do not make puzzles fun.. Interesting concept. However the author of the game does not seem to understand that puzzle games and time limits do not go well together. Time limits do not make puzzles fun.. Interesting concept. However the author of the game does not seem to understand that puzzle games and time limits do not go well together. Time limits do not make puzzles fun.
